

Internet-Media-Video Participation

Student's Name _____ School _____

1. Permission Slip for Internet Use

Please review the Eunice Public School District Computing and Internet Acceptable Use Policy with your student.

Your student needs permission to participate in class activities, which may involve use of the Internet and lab computer systems, understanding that the Internet is an open and uncensored media. While the instructor will exercise due care in the supervision of the student's use of the computer system, I will hold harmless the instructor and the Eunice School District.

I understand failure of the student to comply with the Eunice Public School District Computing and Internet Acceptable Use Policy could result in loss of computer lab privileges and other disciplinary action deemed appropriate by school administration.

Internet and Technology Resources
Acceptable Use Agreement

All EPS students who use or have access to technology must sign and abide by the district's Acceptable Use Agreement(s) indicating their knowledge of and agreement to terms and conditions of use of district technology resources including Internet access and email. Failure to follow the acceptable use procedures will result in the loss of the privilege to use these tools and may result in disciplinary action up to and including suspension, expulsion, and termination (pending due process.)

The use of Computer Resources must be in support of education and research and be consistent with the educational objectives of the Eunice Public Schools. Use of another organization's network or computing resources must comply with the rules appropriate to that network and EPS Computer Resources User Procedures. Transmission of any material in violation of any federal or state regulations is prohibited. Technology, including but not limited to the Internet, electronic mail, hardware, software, and online-resources, is a valuable tool that supports teaching and learning through access to resources and information, learning activities, interpersonal communication, research, training and collaboration and dissemination of successful educational practices, methods and materials. Information technologies such as the Internet are an extension of school libraries and other media/resource centers provided with a goal of promoting resource sharing, research innovation, communication and opportunity for collaborative work.

I understand and will abide by the Eunice Public Schools' Internet Acceptable Use Policy (AUP). I further understand that any violation of these terms and conditions constitutes insubordination, and may result in criminal offense or be cause for a disciplinary action. Should I commit any violation, school disciplinary and/or appropriate legal action may be taken.
